

## SEED TIME

The experienced farmer has learned that some grains require far different soil than others; some crops need different handling than others. He knows that a great deal depends upon right planting at the right time, and that the soil must be kept enriched. He is of complaining in summer about a mistake made in the spring. Decide before the seed is planted.

The best time to remedy wasting conditions in the human body is before the evil is too deep rooted. At the first evidence of loss of flesh

**Scott's Emulsion** should be taken immediately. There is nothing that will repair wasted tissue more quickly or replace lost flesh more abundantly than Scott's Emulsion. It nourishes and builds up the body when ordinary foods absolutely fail.

We'll send you a sample free.

Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

Special Underwear Day, Wednesday, Feb. 14, at Bruening & Kerstner D. G. Co.

There are five places at which you can receive free votes for each dollar's purchase. These are, Schmucke & Bartels, furniture dealers; G. C. Hassinger, jewelry store; C. H. Wolter's harness store; Morgan & Ranney, millinery store and the Cape County Milling Company. Let all contestants remember this.

In the last excursion that was made from the Cape to Schumers Springs, the managers of that company desire us to state that it was no fault of theirs that the train did not stop at Fruitland. They were very much surprised that they did not stop there, but it seems that the trainmen had orders to stop no where on the run but at Jackson.

A sweet and child-like sentiment, expressed in a song, when set to a good melody, soon becomes a household favorite. Such is "Let Me Kiss My Mamma Good bye," recently published by J. W. Jenkins' Sons, of Kansas City, Mo. The publishers will mail a copy to any address, upon receipt of 23 cents in stamps.

With the consent of the other judges, I have added the name of Fred Goyert, deputy county clerk. Quinn, cashier Jackson Exchange bank, and Fred Goyert, deputy county clerk.

There was a man in a nearby town, and he was wondrous wise; he marked a silver dollar and gave it all to Lize; she went to see the butcher and she blew all it in—it wasn't long before the coin came back to him again. He took it to the merchant and it bought a dress for Jane—before the week had finished up, back came the plunk again; he spent the coin in his own town full fifty times or more, but always got it back again and spent it over and over; but when he sent it to Sears & Sawbuck's store, 'twas gone for good—forever—and he never saw it more.—Ex.

### Third Number Lecture Course.

The third number of the lecture course will occur on Feb. 23rd. Bishop Samuel Fallows, D. D., LL. D., of Chicago, one of the most noted lecturers on the American platform will be the attraction.

The following is from the Belleville, Canada, Daily Intelligencer: "There is no exaggeration in saying that those who heard the eloquent and wonderful magnetic lecture yesterday will have a new standard to make comparisons by after this. Well, if you saw Sir Henry Irving, the great actor, with the bishop's canonicity on you would know at once who Bishop Fallows reminded you of. To review his lecture would be to write a book to speak of its beauties and truths will be to print the entire lecture."

Seats will as usual be placed on sale one week in advance. Let everyone secure their seats early. Without question this will be the most intellectual treat Jackson has ever had.

### No Snap Job.

"Did you ever count the words in a column of newspaper print? There are about 2,000 words in a column. Suppose you sit down and write 1,000 words on some subject, and then another 1,000 and then another until you have written 8,000 or 10,000. Try it and see if it is right easy. Keep that gait up a month, then chase a local item all over town, then after you have gotten the facts all right, condense them in a few lines—an hour's work that can be read in a few seconds. Do this for a dozen items that seem insignificant after they are printed, but which you know are important, then have the items criticized and inaccuracies pointed out to you when it is too late to correct them. Oh yes, it is easy, dead easy to conduct a newspaper."—Richmond Democrat.

## A Food to Work On

Work! Work!! Work!!!

Lots of energy is needed to keep up the pace. In the struggle, the man with the strong body and clear brain wins out every time.

The man of to-day needs something more than mere food; he needs a food that makes energy—a food to work on.

Although some people may not realize it, yet it is a fact, proved and established beyond doubt, that soda crackers—and this means **Uneeda Biscuit**—are richer in muscle and fat-making elements and have a much higher per cent. of tissue-building properties than any other article of food made from flour.

That this is becoming known more and more every day is attested by the sale of nearly 400,000,000 packages of **Uneeda Biscuit**, the finest soda cracker ever baked. An energy-giving food of surpassing value—sold in a package which brings it to you with all the original flavor and nutriment perfectly preserved. *Truly the food to work on.*

Whoever you are—whatever you are—wherever you work—**Uneeda Biscuit**.
